ParentVue & StudentVue

AHA encourages parent engagement in their student’s education and success. AHA is proud to announce the launch of ParentVue and StudentVue. These sites will take the place of iParent.

ParentVue and StudentVue are web based portals where your username and password will provide one-stop access to your student’s attendance and current grades.

Expectations are that teachers take attendance on a daily basis and update grades on a weekly basis.

Earlier this week, your child should have taken home access codes to both portals. Should you need assistance or technical support, please contact Carmen Villegas at extension 60103 or by email at Carmen.Villegas@aps.edu.

COMING ParentVue/StudentVue phone app.

Cafeteria:

1. All activities and athletic teams will be represented in the Main Cafeteria.
2. TUTORING SERVICES will be in attendance ready to sign your students up for after school tutoring.
3. All department chairs and academy heads will be represented as they answer questions about their specific academy.
4. The credit union will have information on all their products and services.

Title I:

The Family Center will present Title I information on all TV monitors. The presentation will go over what Title I is as well as present information about to get involved as a parent volunteer at AHA. The presentation will also be available on the AHA website—aha.aps.edu

Classroom Visits:
6:15pm to 8:30pm
